I would like,

1. The Audio Recording of the Monday, October 6, 2014, Board of Supervisors Meeting. There should be absolutely no reason for a legal review or delay in this case. We do record public meetings of the Board of Supervisors and have done so for many years. You have granted me recordings repeatedly without redactions and delays. You have granted other residents audio recordings as well with no delays and redactions.

These records are in electronic format so that they can be placed on a DVD like you have done repeatedly in the past. That is the media that I would like.
I would like the records I electronic format.

Thank you.
