Worcester Township Zoning Hearing Board  
1721 Valley Forge Rd.  
Worcester, PA 19490

Dear Zoning Hearing Board,

The purpose of this letter is to request a variance from the township ordinances regarding proposed improvements to our property at 1875 Steiger Rd.

**SIZE, CONSTRUCTION, AND USE OF EXISTING IMPROVEMENTS:**

Currently, our property consists of a single family dwelling with a total footprint of 5,560 sq. ft. of impervious surface which includes the house, driveway, front porch, sidewalk, and covered back porch. The total surface of the lot is 21,936 sq. ft.

**PROPOSED USE AND CONSTRUCTION:**

Our proposed improvements include a 750 sq. ft. rear paver patio of which 240 sq. ft. will sit underneath a covered back porch which will bring the total impervious surface to 6,070 sq. ft. or 27.7% (6,070/21,936 sq. ft.).

We are seeking a variance from Ordinance 150-110.7 to exceed the allowed 20% maximum of total impervious coverage by 2.7% to allow for the improvement of a rear paver patio. This is only 2.7% over the currently approved total impervious surface variance of 25.0%.

**LEGAL GROUNDS FOR APPEAL:**

We are seeking a variance pursuant to Article XXVI, Zoning Hearing Board, 150-219 Variances. There are unique physical circumstances which include the irregularity, or otherwise exceptional topographical or other physical conditions peculiar to this particular property. We are subject to an unnecessary hardship due to the conditions and not the circumstances or conditions created by the provisions of the Zoning Ordinance. As a result of the physical circumstances there is no possibility the property can be developed in strict conformity with the provisions of the Zoning Ordinance. We did not create the unnecessary hardship. Furthermore, if authorized, the variance will not alter the essential character of the neighborhood nor substantially or permanently impair the appropriate use or development of adjacent properties. If authorized, the variance will represent the minimum variance that will afford relief and will represent the least modification possible of the regulation at issue.

We suggest the relief sought is a de minimus variance as it is a very minor deviation from the dimensional provisions of the zoning ordinance and further suggest rigid compliance of the zoning ordinance is not necessary to protect the public concerns and ask that the Zoning Hearing Board evaluate the request according to the particular circumstances contained within the request for relief.

Thank you for your consideration.

Sincerely,

Figen Yildiz 9/29/17
