1. I would like any and/or all correspondence including but not limited to E-mails (including those on the personal computers and personal email accounts), faxes, letters, memo's between the Township, its staff, the Board of Supervisors collectively and/or individually and DEP, EPA and the Department of Health regarding both of the Township's sewage treatment facilities (Valley Green and Berwick Place), including but not limited to any documentation that would show any fines and/or penalties that have been levied and that would document any remedial and/or corrective actions that need to be taken by the Township at these facilities. I would like this information for the past 5 years

2. Mr. Bustard mentioned at the most recent Board of supervisors meeting that the Township was in "negotiations" with DEP regarding fines and certain corrective actions. I would like to request any and or all documentation and/or correspondence including but not limited to E-mails(including those on the personal computers and personal email accounts) , faxes, letters, memo's between the Township, its staff, the Board of Supervisors collectively and/or individually and DEP, EPA and the Department of Health regarding these "negotiations". I would like this information for the last 5 years.

It would have been much easier and cost effective for Chairman Bustard to just answer a few simple questions at the Board of Supervisors meeting.

I would prefer this information in electronic format as it can be scanned and transmitted electronically.
