

RAISING A READER

Thursday, May 13, 2021

7:00pm-8:00pm

Worcester Community Hall

Home is where the seeds of literacy are planted. It is an environment that encourages children to learn to read and write. Transforming your home into a literate home simply requires an understanding of early literacy research and a commitment to providing rich literacy opportunities. In this course, parents, grandparents, and caregivers will learn proven tips for fostering reading enjoyment and future reading success for children age 0-10.

This program is run by experienced Early Literacy Specialist, professional developer, and educator, Theresa Ormond, M.S. Ed.

This program cost \$20/R and \$22/NR. To register, fill out a registration form found at worcestertwp.com and return to the Township Building (1721 Valley Forge Road, Collegeville, PA 19426).
