WORKSESSION TOPICS

1. Zoning Ordinance Amendment Discussion

Supervisor DeLello introduced the topic and suggested the board tackle the fence ordinance and signs first.

Supervisor Betz stated that the height of the fence used to be six feet and it was changed to five feet. Supervisor Betz said that six feet seems like a good height for a privacy fence.

Supervisor DeLello clarified the process and stated that they would not be passing anything. Supervisor DeLello then suggested that the board might want to consider other things in the fencing like setbacks and the possibility of chain link which he is not in favor of.

Supervisor Betz stated that the Township is very diverse and maybe should look at different rules for different areas. Supervisor Betz then asked for Supervisor Quigley's input for the more rural areas of the Township.

Supervisor Quigley said that six-foot fences would probably solve most problems, but setbacks might need to be changed.

Supervisor DeLello wrapped it up with a summary of what was discussed, that was the wish of the Board to raise the height of the fence to six feet and to possibly look at setbacks in different districts.

Supervisor DeLello then introduced the sign ordinance changes. This would be specifically illuminated signs. The current ordinance has external light sources. Supervisor DeLello stated that this ordinance was written to eliminate light pollution and with current technology the light pollution seems like it could be less from an internally illuminated sign.

Supervisor Quigley stated that modern technology has changed enough in his opinion that internally illuminated signs probably have less pollution, and this could also help eliminate bright spotlights.

Supervisor Betz says that there has been selective enforcement of internally illuminated signs and stated that the Township and fire department are exempt. He also stated that he feels that Schools should be allowed to have them. He then suggested that commercial districts should be allowed to have illuminated signs. He also suggested that the Board looks at the size of the sign.

Supervisor Quigley stated that the Board seems to do a good job looking for fairness in the ordinances.

Supervisor DeLello wrapped up the conversation with a quick summary suggesting the Board's support of internally illuminated signs. He followed it up with a suggestion that the size of signs be considered to be more modern.

Supervisor Betz stated that the King of Prussia sign ordinance could be looked at as a potential model.

Supervisor Quigley opened a discussion on athletic signage. He suggested that this could be modified.

Supervisor DeLello also stated that digital signage and internally illuminated are considered different things.

Solicitor Ralph stated that the county's model ordinance has many different definitions and those could be used in a draft of the ordinance.

Supervisor DeLello then moved into a discussion on accessory structures pointing out the height issue that the supervisors could bring up. Supervisor DeLello suggested that more definition in the ordinance could clear up confusion on zoning interpretation.

Supervisor Betz stated that he wanted to open this section because of a resident that wanted to put up a garage to put up a motor home undercover. Supervisor Betz stated that the height might be too low and cause people to put up buildings with flat roofs that look less aesthetically pleasing. He would like to have the height raised. Supervisor Betz stated that a 14-foot door would be preferable as that would fit most vehicles. He stated that if a building fit in the envelope it should be allowed to be built. Supervisor Betz also stated that different districts should be under different rules.

Supervisor Quigley stated that accessory structures are helpful for the homeowner, but the Township would have to deal with unhappy neighbors based on size and location of the structures. He also said that the vision and sight would be disrupted. Supervisor Quigley said that some structures are not being used as they initially intended.

Supervisor DeLello again tried to wrap up the discussion with a summary. He concluded that the Board would likely need to see a few accessory structure ordinances before they would be happy with any. He also suggested that the Board get each part individually as they are ready. Seeing as the fencing and signs should create more agreement than accessory structures.

OTHER BUSINESS

PUBLIC COMMENT

Ed Moor stated that common sense with illuminated signs he would like to see one sign for a shopping center rather than every store putting up a sign.

ADJOURNMENT

The meeting was adjourned at 7:00 PM.

PUBLIC COMMENT

OFFICIAL ACTION ITEMS

Consent Agenda

A motion to approve the consent agenda including June 19th work session and business meeting minutes, Treasurer's Report and other Monthly Reports for June, and Bill payment for June 2024 in the amount of \$507,981.27 was made by Supervisor Betz and seconded by Supervisor Quigley. The motion passed unanimously.

MOTION

- a) Motion to approve a Resolution for the 1543 Trooper Road Lot Line Change.

John Evarts, township engineer, described the lot line change and stated that there is no development planned.

Supervisor DeLello confirmed that there were not any engineering problems. Mr. Evarts confirmed that there were no problems.

A motion was made by Supervisor Betz and seconded by Supervisor Quigly. It was passed unanimously.

- b) Motion to authorize the Interim Township Manager to execute an Agreement for traffic engineering services concerning the intersection and parking restrictions on Church Road.

Mr. Finnigan, Interim Township Manager gave a quick overview of the topic.

Supervisor DeLello stated that the traffic study would be the first step of the process. He asked Mr. Finnigan about the rest of the process.

Mr. Finnigan explained that the traffic study was the first step. This would be followed by engaging PENNDOT who has authority over signage like this. The Township would then need to pass an ordinance to enforce the signs and put up the signs.

Supervisor Quigley stated that signs could be a problem with whose property they go on. He then followed that with the signs probably are important. He would like to hear from the residents to see where they should go.

Supervisor Betz stated that box trucks are the problem, but normal cars are not the problem.

Supervisor Betz made the motion. Supervisor Quigley seconded the motion.

Supervisor DeLello opened the floor to public comment.

Supervisor Quigley mentioned that enforcement seems like it has been an issue in the past.

Mitchel Wexler lives at Wheatsheaf Village. Mr. Wexler stated speed and vision are issues in the morning. He additionally supports the township in a no parking ordinance.

Matt Andersson also a resident at Wheatsheaf Village. Mr. Andersson is the owner of one of the trucks in question. Mr. Andersson stated the Township said that parking the truck there was legal but some of the neighbors might be annoyed. Mr. Andersson stated that the State Police were out twice with them asking him to move the truck back once and the second time just following up on a report. Mr. Andersson also claimed that there are multiple residents in the community that do not care about the truck being parked where it is. Mr. Andersson also stated that he is looking for a permanent off site storage facility.

Supervisor DeLello clarified that it is not an attack on any individual. The motion is to approve engineering to see if there are sight line issues.

Supervisor Quigley stated this is a slow process and that to put up any signs might be a year long process.

The motion passed unanimously.

c) Motion to approve the Resolution 2024-09 for a DCED multimodal transportation grant.

Supervisor DeLello provided background on the grant and restated it would award 3 million dollars.

A motion was made by Supervisor Betz seconded by Supervisor Quigley. The motion was passed unanimously.

OTHER BUSINESS

Supervisor DeLello gave an update about the environmental issues on the City View Project. Initial feedback given is that the process was followed.

Supervisor Quigley stated that City View is the gateway to the community, and he is unhappy with the look of the property. He is worried about the possible ground contamination with cars sitting on the property in the junk yard that was there.

Supervisor Betz said the earth smelled like raw fuel. He wants to be a good neighbor and checking the environmental impact is part of that.

Supervisor DeLello stated that he just wants things to be done right to protect the community.

Supervisor Quigley suggested that there might be some ordinances that could be enforced against the property to ensure compliance or to help with the unsightly junk on the property.

Supervisor DeLello stated that he is unsure about the ordinance if there is one the Township might consider taking an advantage of it.

Burt Heinz grew up in Fairview Village. He recalled that Sundays in the 1950s there were weekly tire and car burnings. He recalled that it would be a pile of tires and the smoke would go into the air. He stated that it was common practice and considered normal.

Supervisor Quigley expressed concerns over environmental issues again.

Supervisor DeLello suggested the hiring of an environmental engineer.

Supervisor Betz said that the property he remediated took 23 years and that looking at engineers that have experience with this type of site would be better than hiring someone who is just qualified.

Supervisor Betz asked the Solicitor if they were familiar about this type of environmental issues and since they were he suggested that they might know some engineers that would be well suited for this task.

Supervisor Quigley suggested that the Township start finding quotes and start working to see if the property is clean.

Mr. Finnigan stated that there is nothing that is preventing the developer from having already done the environmental study and could come in with plans tomorrow. Mr. Finnigan suggested that being on the

offensive would be better than playing defense and engaging an environmental engineer would be the best way to protect the Township.

Supervisor Quigley questioned the construction practices on the site.

Supervisor Quigley asked if the Township could get the reimbursement. Mr. Finnigan confirmed that this would come out of an escrow account.

Supervisor DeLello summarized the comments that the Board would like to see a couple more names for next meeting and would like to have someone appointed at the August meeting.

PUBLIC COMMENT

Ed Moor, Worcester: Mr. Moore is in support of an environmental engineer. He also questioned the lack of appointment of a consultant at the June meeting.

Bob Andorn, Worcester: Mr. Andorn stated he wanted more information on the agenda for the work session. He also questioned fire hydrant expenditures as it is currently negative. He also commented that Church Road parking business vehicles on residential properties. His final comment was about City View possibly reaching out to the developer to address the aesthetic concern.

ADJOURNMENT

The meeting was adjourned at 8:16 PM.

Operations and Maintenance Report**

June 2024

Non-Routine Maintenance / Events:

Valley Green WWTP

6/6/2024 – Upon arrival found influent pump station #1 pump tripped. Tried to run pump in reverse to clear possible clog. Pump tripped out in reverse. Ran pump #2 in reverse then in forward and pump #2 ran and pumped retell down. Put Pump #2 in lead. Will pull pump #1 to check it out.

6/6/2024 - Pulled #1 influent pump. Pulled pump and found no clog however pump still does not run, will send it out to determine issue. Pulled #1 new side main blower to also send out for evaluation.

6/18/2024 - #1 train waste valve handle broken and would not open to waste. Pulled valve and replaced so wasting is now possible.

**RE: ENVIRONMENTAL CONSULTING SERVICES
WORCESTER TOWNSHIP, PENNSYLVANIA 19403**

Dear Mr. Finnigan:

Pennoni has prepared this proposal to provide ad-hoc third-party environmental consulting services to Worcester Township (the Client). The services outlined in this proposal are based on Pennoni's understanding of the Client's needs with respect to environmental consulting.

SCOPE OF SERVICES

Pennoni will provide environmental consulting services on an ad-hoc basis as requested by the Client including but not limited to the following:

- environmental site assessments (e.g., Phase I Environmental Site Assessments);
- soil, groundwater, and soil gas investigations;
- site remediation;
- underground storage tank removal;
- environmental regulatory compliance audits and permitting;
- environmental engineering;
- industrial hygiene services including hazardous building material (e.g., asbestos-containing materials, lead-based paint, hazardous materials, etc.) surveys and testing; and
- regulatory agency coordination and communication.

SCHEDULE

This proposal includes services provided in the year 2024. Pennoni is prepared to provide the above services upon request. The time required for each type of service will vary.

FEE

We will bill for these services in accordance with the attached schedule of fees.

BILLING AND PAYMENT

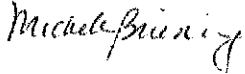

An invoice for professional services completed will be presented for payment on a monthly basis. Invoices are due upon receipt. The Client acknowledges that the method of billing and payment has been discussed in detail, that the terms agreed upon can only be changed by a written addendum agreed to by both parties, and that work may be stopped until payment is made in accordance with the agreement.

TERMS AND CONDITIONS

Pennoni Associates Inc. General Terms and Conditions (Form LE01 09/2023) are attached hereto and are considered as part of the scope of services. The Client indicates by the execution of this proposal that they have reviewed and understand the General Terms and Conditions.

Thank you for affording us the opportunity to work with you on this project. If you have any questions, please feel free to call us.

Sincerely,
PENNONI ASSOCIATES INC.

RE: 2025 Financial Requirement and Minimum Municipal Obligation

Dear Nicole:

Enclosed is the Financial Requirement and Minimum Municipal Obligation (MMO) for your municipality's Pension Plan(s) for the upcoming 2025 plan year. Act 205 requires that the Chief Administrative Officer (CAO) of the pension plan(s) shall submit to the governing body of the municipality the financial requirement of the pension plan(s) for the following plan year (2025). This annual report must be presented to the governing body on or before the last business day in September (September 30, 2024).

The payroll amount used in your 2025 budget was computed by obtaining from you, the earnings for the active full-time members of the pension plan(s) as of June 30, 2024 and then doubling this figure in order to arrive at the projected annual payroll for the year in which the budget is prepared. The budgeted administrative expenses were based upon the expenses reported in the plan(s)' most recent Act 205 Actuarial Report.

These reporting requirements will be closely monitored by the Department of the Auditor General in future audits. Therefore, if you should have any questions concerning any of the above, please do not hesitate to contact our office. Upon approval, please forward a signed/dated copy of the 2025 MMO budget(s) for our records.

Sincerely,

JAMES P. KENNEDY
President

1 - Floor area. Floor Area is measured from outside wall to outside wall.

2 - New Residential SF Calculation. For new residential construction and additions to existing residential units, square footage shall include living spaces on all floors, basements, attached garages & attics over six feet in

3 - Total Cost Calculation. The total cost of all the construction portions of a project is generally based upon the sum of the construction contract(s) and other direct construction costs; this does not include the compensation paid to the engineer, architect and consultants or the cost of the land. The Township has the final

determination in accepting the submitted cost of construction as provided on the permit application and may

4 - Township Organization Status. For an organization to qualify as a Township-based organization, at least 65% of participants must reside in Worcester Township. Documentation that verifies participant residency

must be furnished to the Township, and the Township has sole discretion in determining if the residency has

5 - Past Due Invoices. Invoices that are past due by more than thirty (30) days are subject to interest rate charges as provided by law. Charges for services that involve a late fee as stated in this resolution are not

6 - Omissions and Errors. The failure to list, in this Resolution, a fee that is properly listed elsewhere shall not obviate the responsibility to pay that fee.

7 - "by escrow agreement". Permits for miscellaneous construction and highway/road inspections will be paid with funds posted in escrow. From this escrow the Township will deduct actual costs incurred.

8 - False fire alarm fines may be reduced or waived by the Fire Marshal if the Fire Marshal determines, in his or her sole discretion, the tenant or property owner is making a good faith effort to address and correct the
